

Notice

DSI introduced kinship verification service

The Identification Services Bureau (DSI) introduced kinship verification service on 30 April 2018 for Macao SAR Resident Identity Card holders in need (e.g. applying for the Certificate of Kinship or transferring health care voucher etc.) to verify the relationship with their parents, children or spouse.

Applicants can lodge the application with the integrated self-service kiosks, at DSI located at the China Plaza in “Avenida de Praia Grande” or at DSI’s service counters at the Government Services Centre in Areia Preta. For applicants below 18 years old, their applications have to be lodged by their parent or legal representative on their behalf at DSI’s service counters.

When lodging applications at DSI’s service counters, applicants have to present their original Macao SAR Resident Identity Cards and the photocopy of the Macao SAR Resident Identity Card of the persons concerned. DSI will notify the applicant of the verification result within five working days following the date of submitting the application and all required information by the applicant. The information of the verified relationship will be archived into the Macao SAR Resident Identity Card record of the applicant and the persons concerned.

For enquiries, please contact DSI at 2837-0777 or 2837-0888.
